

CORPORATE GOVERNANCE - BOARD CHARTER

PART A – DEFINING GOVERNANCE ROLES

1. ROLE OF THE BOARD

1.1 Function

The Board of Directors of Cabral Resources Limited have approved the following charter formalising the functions and responsibilities of the Board (Board Charter). The Board is ultimately responsible for all matters relating to the running of the Company, providing leadership and setting the strategic objectives of the Company.

The Board's role is to govern the Company rather than to manage it. In governing the Company, the Directors must act in the best interests of the Company as a whole. It is the role of senior management to manage the Company in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties.

The Board has the final responsibility for the successful operations of the Company. In general, it is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Company. It is required to do all things that may be necessary to be done in order to carry out the objectives of the Company. In carrying out its governance role, the main task of the Board is to drive the performance of the Company. The Board must also ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body.

1.2 Objective

The objective of the Board is to provide an acceptable rate of return to the Company's shareholders taking into account the interests of the company's employees, customers, suppliers, lenders and the communities in which it operates.

1.3 Responsibilities

The Board is responsible for:

- Overseeing and approving the Company's strategic and operating objectives;
- Reviewing and approving the Company's financial position, systems of risk management and internal compliance and control, codes of conduct and legal compliance;
- Approving and monitoring the progress of major capital expenditure, the budget, capital management and acquisitions and divestments;
- Ensuring the integrity of the Company's financial (with the assistance of the Audit Committee, if applicable) and other reporting through approval and monitoring;
- Being responsible for the Company's senior management and personnel including appointing and, where appropriate, removing the Chairman;
- Ratifying the appointment, and where appropriate, the removal of the Managing Director (if applicable) and the Company Secretary;
- Evaluating the performance of the executive directors and the Senior Management Team and determining their remuneration through an appropriate remuneration framework, determined by the Remuneration Committee;
- Delegating appropriate powers to the executive directors and senior management to ensure the effective day-to-day management of the business and monitoring the exercise of these powers;

- Ensuring that policies and procedures are in place consistent with the Company's objectives, and that the Company and its officers act legally, ethically and responsibly in all matters.
- Ensuring corporate accountability to the shareholders primarily through adopting an effective shareholder communications strategy, encouraging effective participation at general meetings and, through the Chairman, being the key interface between the Company and its shareholders;
- Overseeing the Company's process for making timely and balanced disclosure of all material information concerning the Company that a reasonable person would expect to have a material effect on the price or value of the entity's securities (further detailed in the Company's Continuous Disclosure Policy; and
- Monitoring the effectiveness of the Company's governance practices.

2. BOARD STRUCTURE

2.1 Number of Directors

The Board has determined that, consistent with the size of the Company and its activities, the Board shall be comprised of at least three Directors, the majority of whom should be non-executive.

The Board recognises that best practice occurs when the Board comprises a majority of non-executive directors. The Board continues to strive to meet the Principles of Good Corporate Governance and Recommendations published by the ASX or other such principles and guidance as the Board may consider appropriate from time to time, however the Board also recognises that complying with the ASX Corporate Governance Council Recommendation 2.1 "A majority of the Board should be independent directors" may be impractical given the size of the company and the industry in which it operates. The Board instead aims to assess the independence of the Company's Non-Executive Director on an ongoing basis requiring full disclosure where conflicts of interests arise.

2.2 Appointment of Directors

The membership of the Board, its activities and composition is subject to periodic review. The criteria for determining the identification and appointment of a suitable candidate for the Board shall include quality of the individual, background of experience and achievement, compatibility with other Board members, credibility within the Group's scope of activities, intellectual ability to contribute to Board's duties and physical ability to undertake Board's duties and responsibilities.

Subject to the requirements of the Corporations Act 2001, the Board does not subscribe to the principle of retirement age and there is no maximum period of service as a director. An executive director may be appointed for any period and on any terms the directors think fit and, subject to the terms of any agreement entered into, the Board may revoke any appointment.

2.3 Duration of Appointment

In the interest of ensuring a continual supply of new talent to the Board, all Directors with the exception of the Managing Director will serve for a period of three years before they are requested to stand down for re-election. An executive director may be appointed for any period and on any terms the directors think fit and, subject to the terms of any agreement entered into, the Board may revoke any appointment.

Subject to the requirements of the Corporations Act 2001, the Board does not subscribe to the principle of retirement age and there is no maximum period of service as a director.

3. THE ROLE OF INDIVIDUAL DIRECTORS

3.1 Expectations of Directors in Board Process

At the Company, it is expected that Directors shall, in good faith, behave in a manner that is consistent with generally accepted procedures for the conduct of meetings at all meetings of the Board.

Directors are expected to be forthright in Board meetings and have a duty to question, request information, raise any issue, and fully canvas all aspects of any issue confronting the Company, and cast their vote on any resolution according to their own judgment.

Outside the boardroom, however, Directors will support the letter and spirit of Board decisions in discussions with all stakeholders including any shareholders, special interest groups, customers, staff, suppliers and any other parties.

Directors will keep confidential all Board discussions and deliberations. Similarly, all confidential information received by a Director in the course of the exercise of the Director's duties remains the property of the Company and is not to be discussed outside the boardroom. It is improper to disclose it, or allow it to be disclosed, unless that disclosure without appropriate authorisation.

3.2 Conflict of Interest and Related Party Transactions

3.2.1 Conflicts of Interest

Directors must disclose to the Board actual or potential conflicts that may or might reasonably be thought to exist between the interests of the Director and the interests of the Company. Whether an interest is material or not is covered by the materiality threshold set by the board. On appointment, Directors will have an opportunity to declare any such interests and they will be entered into the Company's Register of Ongoing Conflicts of Interests.

Directors should update this disclosure by notifying the Company Secretary in writing as soon as they become aware of any conflicts. Directors are also expected to indicate to the Chairman any actual or potential conflict of interest situation as soon as it arises. To ensure Directors have an opportunity to disclose new conflicts of interest, the first agenda item for each Board meeting will be the disclosure of any conflicts of interest. Any amendments to disclosures are to be tabled at this time and entered into the Register of Ongoing Conflicts of Interest.

The Board can request a Director to take reasonable steps to remove the conflict of interest. If a Director cannot or is unwilling to remove a conflict of interest then the Director must absent himself or herself from the room when discussion and voting occur on matters to which the conflict relates. The entry and exit of the Director concerned will be minuted by the Company Secretary. Directors do not have to absent themselves when either (a) conflict of interest relates to an interest common to all Company members/shareholders or (b) the Board passes a resolution that identifies the Director, the nature and extent of the Director's interest and clearly states that the other Directors are satisfied that the interest should not disqualify the Director concerned from discussion and/or voting on the matter.

3.2.2 Related Party Transactions

Related party transactions include any financial transaction between a Director or officer and the Company and will be reported in writing to each Board meeting.

In general, the *Corporations Act* requires related party transactions to be approved by the shareholders; the Board cannot approve these transactions. An exemption to this requirement occurs where the financial benefit is given on arm's length terms.

To assist the Board in showing that a financial benefit, such as the awarding of a contract to a company in which a Director is a partner, is given on arm's length terms, the process outlined below (Potential Related Party Transaction) will be followed. The Board has also resolved that where applications are made by a related party to a Director or officer of the Company then the Director or officer shall exclude himself/herself from the approval process.

Related party for this process means:

- (a) a spouse or de facto spouse of the Director or officer; or
- (b) a parent, son or daughter of the Director or officer or their spouse or de facto spouse; or
- (c) an entity over which the Director or officer or a related party defined in (a) or (b) has a controlling interest.

The Company Secretary will maintain a Register of Related Parties Transactions as well as the Register of Ongoing Conflicts of Interests to be updated within the Corporate Governance Manual.

3.4 Emergency Contact Procedures

As there is the occasional need for urgent decisions, Directors should leave with the Company Secretary any contact details, either for themselves or for a person who knows their location, so that all Directors can be contacted within 24 hours in cases of a written resolution or other business.

4. THE ROLE OF THE CHAIRMAN

The Chairman's role is a key one within the Company. The Chairman is considered the "lead" Director and utilises his/her experience, skills and leadership abilities to facilitate the governance processes.

There are two main aspects to the Chairman's role. They are the Chairman's role within the boardroom and the Chairman's role outside the boardroom.
